Supporting care everywhere

Enhance personal interaction • Expand reach • Improve operational efficiency

ERGOTRON®
HEALTHCARE
Quality products for every area in the facility—and beyond

Flexible mounting • Sit-stand mobility • Charging systems
Serving the healthcare industry for more than 20 years

With more than 30 years of designing ergonomic solutions for computer users worldwide — and 20 years specifically in healthcare — Ergotron is uniquely qualified to help your entire facility enhance personal interaction, expand the reach of care and improve operational efficiency.

Innovations for home and work

Like other members of the Nortek family, Ergotron is driven by constant innovation with a singular, unified purpose: to make our customers’ lives better.

Enhance personal interaction, expand the reach of care and improve operational efficiency

**StyleView® Carts**
- Designed for nurses and personalized to enhance workflow and caregiving
- Choices for mounting displays: LCD arms and pivots, secure laptop, and single or dual displays
- Unsurpassed ergonomics whether sitting, standing or maneuvering
- Carts evolve as your needs change — several accessories are available to improve productivity
- Carts and power systems fully certified to UL 60601-1

**StyleView Telehealth Carts**
- Various cart configurations are available for both telepresence and telemedicine solutions
- Open architecture — easy to integrate and implement
- Our integration specialists can help you determine the best solution to support your objectives and fit within your budget

**Point-of-Care Wall Mount Products**
- Enhances personal interaction between caregivers, their patients and patient data
- Ergonomic designs and added features provide ease of motion and proper positioning for optimal workplace comfort
- Choose from a wide range of wall mount products to meet various user, budgetary and space requirements

**Charging Systems**
- Charge, sync and/or secure multiple mobile devices
- Available as carts, wall mounts or desktop stations
- Choose from universal, open-architecture designs or products made for Apple®
- Certified for safety
- Lightweight and agile designs

**Sit-Stand Workstations**
- Promotes a healthier way to work with ergonomic comfort and sit-stand mobility
- Choose from desks, mobile workstations, wall mount and desk mounts
- Additional accessories also available to improve productivity and comfort

**Service and Product Support Programs**
- Expect a superior customer experience
- Quality products are backed by specially trained support professionals and optional extended service programs
- Extended Global Service Programs protect your investment and ensure optimal product performance
- Customer Care includes live support via phone, chat and email

Supporting care everywhere

ergotron.com
Your cart. Your way.

Nurses, meet your new StyleView® Cart

Personalize your cart to suit your team’s workstyle and flow. That’s the genius behind our 6th-generation StyleView carts.

We’ve been listening. You’ll find all the great features that have made StyleView a market leader. Now you have the broadest options to create a comfortable, fully adjustable medical cart—one that supports you and the care you give.

StyleView Transfer Cart

A multi-purpose healthcare cart designed to streamline caregiver workflow and complement StyleView carts. From pharmacy to patient floor, the StyleView Transfer Cart securely stores, transports and dispenses medications and other supplies.

Key features include:

- Holds up to 120 small or 40 large drawers, accessible from either side of cart
- Supports 20 or more StyleView carts depending on drawer configuration
- 36 shelves are removable or repositionable to accommodate envelope drawer or taller items
- Top cover supports 25 lbs (11.3 kg) and its 41”-high (105 cm) surface is a convenient operational height when standing; raised edges prevent spills
- Secure: doors unlock electronically using programmable 5-digit PIN or via manual lock
- Premium, 5” (13 cm) swiveling casters move the cart with ease over thresholds and any floor type
- Includes a scanner holder and can support an Ergotron LX LCD Arm or laptop tray
- Smooth exterior surface makes cleaning easy
Choose display mount: LCD Arm, LCD Pivot, Laptop

Choose powered or non-powered:
Lithium Iron Phosphate (LiFe), Sealed Lead Acid (SLA), non-powered

Choose storage options:
no drawers, manual key-lock drawers, secure electronic drawers with keypad

Accessories: Storage Bin, SV Sani-Wipes Holder, SV Scanner Shelf and more

- **Nine drawers:**
  - 1 Primary Drawer, triple
  - 2 Supplemental, triple
  (for a total of 9 individual drawers)

Visit www.ergotron.com for all powered StyleView Carts, configurations, accessories and part numbers

SV Telemedicine Bin accessory (97-854) provides connectivity and storage for USB diagnostic devices common in telehealth applications.

The bin can be configured with up to three individual compartments, providing ample and secure space for devices and their cords, with one USB port in each compartment.

Auto-locking drawer system enables simple and efficient management of non-controlled medication, reducing the chance for errors. Also supports "Pharmacy mode," allowing all drawers to be unlocked simultaneously.

Two more supplemental drawers can be added
(for a total of up to 5 large single drawers, 15 small triple drawers or a combination)
Why choose a StyleView Cart powered with Lithium Iron Phosphate (LiFe)?

Extremely lightweight and adjustable
The LiFe power system and compact, lightweight base combine with StyleView’s ergonomic adjustability to decrease caregiver fatigue and enhance overall wellness and productivity

Ultrafast recharge ensures caregiver and cart uptime
A full recharge from full discharge can be completed in around two hours for typical loads.

Long battery ‘LiFe’ minimizes time and cost for maintenance and replacement
Proven to achieve thousands of cycles per lifetime and to last several years in a typical healthcare setting

Safe and certified
For patient and caregiver safety, the FULL cart and power system are certified to UL 60601-1

Includes FREE StyleLink with enterprise capabilities
Install, access and manage your StyleView power systems from a remote location across WAN, LAN, or VPN

Proven safe battery chemistry
Through extensive testing, Lithium Iron Phosphate is proven to be a very safe battery chemistry

Certified. Lightweight. Ultrafast recharge. Long battery LiFe.

Free, industry-leading StyleLink software with enterprise capabilities

StyleLink’s three-part software package (Enterprise, Client, Graphing Tool) offers broad system and platform compatibility for global healthcare customers deploying Ergotron StyleView Carts with power.

Extend Asset Life Cycle
Optimizes balance between runtime and cycle life

Proactive Power System Management
Eliminate surprises through use of diagnostic tools, simplifying power system management and reducing time required to fix problems

Reduce Total Cost of Ownership
Reduce costs for maintenance; eliminate need for expensive onsite technical support by leveraging diagnostic capabilities. Simply email StyleLink’s history data file to Ergotron Tech Support and they will help troubleshoot power system performance issues

Enterprise Capabilities
Remote enterprise monitor: access your carts across WAN, LAN, or VPN to get real-time information

Advanced Drawer Management
Each drawer individually controlled with PIN; program locally or remotely via enterprise

EXPERIENCE the difference with our Global Service Program
Visit ergotron.com for details about all of our service options

Ergotron’s Platinum Annual Service Contract ensures timely and safe service delivery across all Ergotron product lines

Enhancing productivity in healthcare environments is our goal. Ergotron partners with three manufacturers to offer add-on power options for existing non-powered StyleView carts. Choose the product that best fits your workflow and budgetary requirements.

**SV LiFe Power Upgrade System**
- Manufactured by Scott Clark
- High capacity, flexible, portable
- Ultra-fast, built-in charging on board
- Powers everything on the cart
- Lithium-Iron Phosphate is the safest battery chemistry
- State-of-charge LED indicators
- Availability: US/CA/MX 97-837
  - US/CA/MX 97-837
  - UK/HK/MY/SG 97-893
  - EU 97-894
  - Saudi/UAE 97-895

**SV Hot Swap Power System**
- Manufactured by Anton Bauer
- Charges battery on or off the cart
- Powers everything on the cart
- Wall cabinet charger uses UV LED to disinfect batteries
- Charge up to three batteries
- Includes Battery Pain Scale™
- Available NORTH AMERICA only: Battery 97-929/Charging Cabinet 97-930

**SV DC Power System**
- Manufactured by Amstron
- Low-cost DC power
- Small form factor
- On-board, all-in-one charger
- Selectable output voltage
- Mounts on the front or back
- Available WORLDWIDE: Laptop version 97-943
  - LCD+CPU version 97-942
  - Remote User Interface 97-953

(*If you need a cart with a built-in power system, choose a LiFe-powered or SLA-powered StyleView Cart. Purchasing an Ergotron powered cart is the most cost-effective solution and instantly reduces the total cost of ownership.*

Easy and affordable telehealth options from Ergotron Healthcare

Healthcare services delivered at anytime, from anywhere

- Expands access by allowing physicians and health facilities to extend their reach without geographic or socioeconomic limitations
- Brings specialization to rural, remote, underserved and/or senior populations
- Manage costs—can provide consistent, lower-cost care to patients with chronic diseases
- Promotes sharing of staff; reduces travel
- Increases patient satisfaction and trust because it may help to lower stress, replace travel, reduce costs of care and deliver remote expertise

Learn more about expanding the reach of care at healthcare.ergotron.com
StyleView Telemedicine Carts

StyleView Telemedicine Carts are specifically designed and configured to support the increasing demands of telehealth—the use of telecommunication technologies for remote patient care. Telemedicine can expand care by enabling connection and collaboration with specialists or teams, regardless of their physical locations.

Open architecture
Allows for easy integration of standard equipment

Lots of connectivity
A total of 5 USB ports are integrated into cart (3 within bin and 2 on the back side); 1 ethernet port is available on the side of the head unit

Everything you need
Camera and Codec/CPU support, secure and ample storage, connectivity and power outlets

StyleView quality
Hospital-grade construction, ergonomic and secure

Worldwide availability
Safety certified
Entire cart and power system is certified to UL/EN/IEC 60601-1 and CAN/CSA C22.2 No. 601.1 M90. (Other country-specific certifications currently pending)

Visit www.ergotron.com for all StyleView Telemedicine Carts, configurations, accessories and country-specific part numbers
StyleView Telepresence Carts
(North America only)

Telepresence allows medical professionals to conduct ‘virtual’ patient appointments easily and cost-effectively. This capability is particularly effective for patients with physical limitations, chronic illnesses and/or transportation issues, so it’s ideal for in-home care or care facilities.

Mobile MediaCenter:
mobility with versatility

Stretch your investment by supporting a range of projection and videoconferencing needs throughout the facility—from boardroom to the surgery center.

Neo-Flex MediaCenters feature ease of mobility, 90° display rotation, 20" (51 cm) of effortless height adjustment and 20° independent display tilt.

Optional Camera Shelf Kit (97-491-085) creates a mobile videoconferencing solution that the entire facility can easily use.

Transform an existing StyleView Cart* into a low-cost telepresence cart
(Available worldwide)

Telepresence Kits let you easily convert an existing StyleView cart* for use in telepresence applications—combining the power of videoconferencing with the point-of-care benefits of StyleView. Upgrade kits include a large storage drawer (with divider and keys), travel stop, camera shelf for video/web camera, and a Codec/CPU holder. Then choose from single, dual or back-to-back monitor options.

StyleView Telepresence Upgrade Kits:
97-870 SINGLE MONITOR
97-871 DUAL MONITOR
97-872 BACK-TO-BACK MONITOR

* Cart requirements:
  Non-powered / LCD pivot with 1 drawer / SV43-1310-0
  SLA-battery powered / LCD pivot with 1 drawer / SV44-1311-1

Healthy computing that brings EMR, eMAR, PACS and CPOE to the point of care

LX Sit-Stand Wall Mount Highlights
- Ultimate flexibility of monitor and keyboard positioning enhances personal interaction between the caregiver, patient and the patient’s data
- 20” (51 cm) height range allows users to switch between sitting and standing positions for a healthier way to work
- Ergonomic back-tilt keyboard tray ensures wrists remain in a neutral position to increase comfort and help avoid repetitive-stress injuries
- Keyboard platform is very stable for extensive data entry and tested to be 3X more rigid than other keyboard arms
- Rotation Stop on wall mount base limits turn of extension base connection to 180°, preventing extension from contacting wall
- Secure installation — locking connections between arm, extension and base

### Wall Mount Highlights

**LX HD Sit-Stand Wall Mount System**
- Secure installation — locking connections between arm, extension and base

Visit ergotron.com for complete information on LX Wall Mount Systems
Sit-stand ergonomics — secure, compact and enclosed

Perfect for space-constrained patient rooms
StyleView Enclosures provide a smooth vertical height adjustment and folds up into a slim, compact unit when not in use.

Sit-stand ergonomics
Move from a sitting to a standing position whenever you want. True ergonomic designs provide a healthier, more comfortable way to work.

Extreme security and stability
A keyless locking mechanism protects patient data for compliance with privacy requirements and a unique cable management system conceals and organizes the cords, making cleaning a snap! Its stable, slide-out keyboard can support extensive data entry.

Folds to less than 4” (9.7cm)

---

### Neo-Flex Dual Monitor Wall Mount and Keyboard Wall Mount
Maximize your space! This low-profile system enhances PACS implementation by providing convenient access to digital records. Tilting dual monitors reduce glare and improve sight lines. The wall-mounted keyboard tray lets you enter data at the point of care, then folds up flat (just 5”/13 cm from wall) when not in use.

StyleView Sit-Stand Combos

6. Clean, concealed and neat routing of cables through the expansive cable management system

7. Extend LCD and keyboard up to 43” (109 cm) from wall; fold equipment back out of the way when not in use. With worksurface in storage position, system depth is as little as 8” (20.3 cm). With keyboard in storage position, system depth is as little as 12” (30.5 cm)

8. Optional Extender Arm (45-261-026) increases range of motion for even greater reach

ergotron.com
Compact ergonomics; extremely low profile

Ideal for patient rooms and high-traffic areas, StyleView Vertical Lifts give caregivers ergonomic comfort in a compact, low-profile wall mounted workstation. In a patient room setting, the pan of the keyboard and display promotes interaction, and the slide-out keyboard tray provides caregiver with comfortable data entry. Units fold up to as little as 4” (10.2 cm) deep when not in use.

Sit-Stand Vertical Lifts allow users to adjust between sitting and standing working heights. The entire system—monitor, keyboard and mouse—moves vertically 18” (46 cm) with a single, smooth motion to accommodate the heights of multiple users.

### Optional Accessories:
- **Vertical CPU Holder**
  - 97-468-202 (silver)
- **Vertical Small CPU Holder**
  - 80-063-200 (black)

**LCD SIZE IS APPROXIMATION. DIMENSION IS DIAGONAL MEASUREMENT OF SCREEN.**

**LCD SIZE MAY BE EXCEEDED AS LONG AS SCREEN WEIGHT DOES NOT EXCEED MAXIMUM WEIGHT CAPACITY OF THE MOUNT.**

For display compatibility, visit ergotron.com
Move large displays for optimal viewing

Get unprecedented height adjustability in an extremely low profile module. The revolutionary design of our Glide Wall Mounts lets users effortlessly raise and lower large displays by up to 18” (46 cm) and tilt the screen up to 10° to avoid glare. Similarly, our Interactive Arms let you easily lift, swing or turn displays for optimal viewing while relieving eye, neck and back strain.

- **Warranty**: 5 years
Zip40 Highlights

**Up to 30% FASTER Charging Speed**

Features Ergotron’s PowerShuttle® power management technology, the system efficiently charges up to 30% faster than a standard round-robin system. With just one power cord plugged into a standard wall outlet, it safely prevents overloading of electrical circuits by automatically determining the maximum number of devices that can be charged at one time.

Adjustable dividers let you customize capacity:
- ✓ Standard 1.1”-wide (28 mm) slots
- ✓ Adjust slots to 1.9” (48 mm) to accommodate thicker devices with large cases
- ✓ Mix and match devices; move and remove dividers

Because both the cart and cabinet are fully safety certified, Zip charging systems are a smart choice for healthcare applications.

**More AGILITY**
- Zip40 dual-wheel, 5” casters create a super smooth ride over a variety of flooring surfaces
- Cube-like, compact shape makes it easy to zip through tight spaces

**More FLEXIBILITY**
- Includes external auxiliary outlet to power peripherals
- Removeable, locking rear-access door to the adapter storage area allows for easy, one-time setup and clean cable management
- Custom country-specific outlet strips include plenty of space to fit oversized wall plug or brick-style AC adapters
- Ethernet management capability also available—carts are upgradable
- Location included for installation of a Wireless Access Point (WAP not included)

**More SECURITY and SAFETY**
- For user and equipment safety, the Zip40 Charging Cart and Zip12 Charging Desktop Cabinet are tested and certified to UL 60950 standards
- Rugged steel construction handles rigorous use and demanding conditions
- Durable steel doors include a 3-point locking mechanism with separate key lock; add padlock for additional door security
- Optional security bracket kit locks cart to floor or wall

---

**ONE charging system fits all!**

**Chromebooks • Tablets • Laptops**
Zip12 Charging Wall Cabinet

Low-profile, wall mount design • Open architecture

This slim cabinet is perfect for charging and securing up to 12 tablets (including Surface, Android and iPad) and Chromebook devices with screens up to 12”.

- Space saving: protrudes less than 6“ (15,2 cm) from the wall; smooth sliding door provides easy access to devices and stays within the sleek profile
- Open architecture: compatible with a wide variety of manufacturers like Microsoft, Samsung, Apple, Lenovo, HP, Dell, Amazon, Asus, Acer and more
- Show & Stow™ tilting tablet trays make loading and unloading devices simple
- Six-point locking bracket keeps devices safe and secure
- For user and equipment safety, the entire cabinet is tested and certified to UL 60950 and UL 1678

**Tablet Management** — *Charge. Sync. Secure.*

- **2.4A charge**: Made for iPad® with pre-installed 30-pin or Lightning cables
- **2.1A charge**: Apple® iOS • Samsung Galaxy • Amazon Kindle • Google Nexus • USB devices

Charging systems designed specifically for Samsung® Galaxy Tab® Active

- Charge and sync up to 10, 16, 32 or 48 devices simultaneously
- Switch from charge to sync mode by connecting a Macintosh® or PC
- Ventilated, enclosed storage keeps tablets protected
- Steel framework with durable locking steel doors keeps tablets secure
- Tablet management carts feature a small footprint making them easy to maneuver through tight aisles and easy to store
- Individual Status Indicators (ISI) monitor charging progress of each tablet
- Wall Mount 10 features Show & Stow™ technology; devices are presented to user when door is opened

Apple® iOS, iPad, Macintosh, iTunes and Retina are trademarks of Apple Inc., registered in the US and other countries. iPad Air, iPad mini, and Lightning are trademarks of Apple Inc.
Sit-Stand Workstations

Take a stand against metabolic illnesses linked to prolonged sitting

For more than three decades, Ergotron has designed ergonomic workstations to make computing more comfortable and better for you. Our extensive line of sit-stand workstations and desks gives computer users a much healthier and more productive way to work.

Sit-stand workstations are:
- **FLEXIBLE**—a solution for every computer user and every computing configuration
- **ERGONOMIC**—effortless height adjustability for sit-stand comfort; accessories also available
- **AFFORDABLE**—many economical ways to fight "sitting disease"

WorkFit-T Sit-Stand Desktop Workstation

Invigorate your work day with this ultra simple and flexible workstation!

WorkFit-T promotes proper ergonomic positioning and inspires a healthy sit-stand work routine.

- Stable workstation sits right on top of most surfaces 24" (61 cm) deep or larger; no mounting or clamping required
- System easily lifts straight up and down to minimize intrusion into the workspace
- Ships fully assembled—no tool adjustments needed—making it easy to retrofit existing spaces

[Image of WorkFit-T]

WorkFit-T arrives fully assembled and sits right on top of virtually any surface; it easily moves vertically 15" (38 cm) to provide sit-stand comfort for a broad range of users

A recent study published by the CDC (Centers for Disease Control) indicates adjustable sit-to-stand products are an effective solution for reducing prolonged sitting. Sit or stand, instantly, while remaining effectively engaged with your computer.

A 2010 University of Queensland, Australia study found that even when adults meet physical activity guidelines, sitting for prolonged periods can compromise metabolic health.

Burn extra calories • Tone muscles • Improve posture • Ramp up your metabolism • Be more productive

Customer service and product support that’s second to none

Expect a superior customer experience when you choose Ergotron. Our quality products are backed by specially trained support professionals and optional extended service programs that protect your investment and optimize your on-going product performance.

Customer care includes:

800# support line
Live 24/7 support in English; support during country hours in English, Spanish, French, Dutch, Italian, Russian, German, Greek, Mandarin and Japanese

Chat and email support
Our specialists connect with you real-time via live chat and email

Technical support
Rigorously trained technicians work with you to troubleshoot product and installation issues, manage service contracts, handle dispatching and answer/resolve warranty questions and issues

Sales support for resellers
Our field service group supports regional territory sales, and also participate in customer events with TESS (Ergotron’s Traveling Equipment Solutions Showroom)

Extended Global Service Programs protect your investment and ensure optimal product performance

A wide range of extended Global Service Programs are available to provide additional support and benefits:

Site readiness
Fast, efficient equipment installation and integration
Certified technicians conduct and manage every phase of product installation (including hardware integration, adjustments, and computer installation with cable management)

Preventive maintenance and extended warranties
Optimal product performance for increased uptime

Improved asset management
Lower total cost of ownership; extended product life

Enhanced in-house product expertise
Training and transfer of technical knowledge to your internal staff

Equipment Audit and Health Assessment
Receive an accurate inventory and health assessment of all deployed Ergotron equipment and assets.

Next-Business-Day (NBD) Service Contracts
Receive NBD service from our network of certified providers to minimize equipment downtime. Various contract levels are available to meet your unique needs: Bronze, Silver, Silver+, Gold and Platinum

Annual Contracts and Planned Services
Options range from a single preventive maintenance visit to a 5-year complete service contract

Product Recycling
Ergotron encourages environmental responsibility by offering a recycling program for our (and even our competitors’) products

100% satisfaction — guaranteed!

WorkFit-D Sit-Stand Desks
Improve energy and productivity by sitting and standing throughout your work day. Patented Constant Force™ technology allows easy height adjustment up to 20” (51 cm) and an integrated brake secures table in place.

Customize with your choice of display mount and our Underdesk Keyboard Tray (57-582-009) to fit your individual computing needs and desired workflow. WorkFit-D also features a spacious worksurface able to support up to 65 lbs (29.5 kg).
